## Ordering Uniforms

Hello lacrosse families,

Please take a moment to review the following information regarding uniform and apparel ordering as there are specific instructions based on different scenarios. I encourage all to have your son/daughter locate and try on their uniform from Spring 2024 (if applicable) and choose from the following options.

Are you a...

New player to the program (no prior uniform orders)

Returning player who has a uniform from Spring 2024 that still fits

Returning player who has a uniform from Spring 2024 that no longer fits

### **New players to the program**

Welcome! If your child is new to North Attleboro Youth lacrosse (NAYL) you **MUST** order a uniform package by following this link: [BOYS GIRLS](#)

All new players will purchase new uniforms that are an additional cost plus shipping. ( not included in registration )

**\*\*Each store is set up by grade bundle. New players are to order by their specific grade level and choose a number. Numbers in each bundle are first come first serve, based on what is available in each grade. YOU CANNOT GO INTO A DIFFERENT BUNDLE FOR A NUMBER.**

Items are custom made and no returns/exchanges are allowed if the wrong number is provided to the vendor.

### **Returning players who have a uniform (and it still fits)**

You are one of the lucky ones... You do not need to do anything more. So long as your son/daughter's uniform from the Spring 2024 season still fits you are all set!

### **Returning players who received a uniform previously (and it no longer fits)**

Ugh - right? If you ordered a uniform and your child has grown like a weed, slimmed down or filled out, you may need to order a new jersey, shorts or both. If that is the case, please order replacement items by using this link: [BOYS](#) [GIRLS](#)

**YOU MUST scroll to the bottom of the page to order your uniform!!**
